

"The Arches", summer estate of Andrew Preston, is shown on the front cover. This magnificent home was removed and the estate subdivided into approximately 75 house lots in 1936. The photo is courtesy of the Swampscott Historical Commission from the collection of Dorothy M. Anderson, local author of the just published book "The Era of the Summer Estates".

The following is a report from your Board of Selectmen to the citizens of the Town of Swampscott. This has been a very busy and interesting year for the Board of Selectmen. There have been three-year contracts signed between the Town of Swampscott and the Town Hall employees, the Library employees, Public Works employees, and Fire Department personnel. With the signing of three-year contracts, the Board will have more time to spend on other projects and programs needed in our town.

We would like to thank all the committees and volunteers for their time and expertise this past year.

Through the utilization of town funds and grants we have seen the restoration of our Town Hall and the Chapel at the Cemetery and soon the restoration and renovation to the Fish House and pier. We are waiting for word on our grant to dredge and make safe our beautiful harbor.

Our rapport with the State Legislature has been maintained and we hope that in the future this same rapport will be retained because it is very important that we are in constant communication with the people on Beacon Hill who legislate those programs which ultimately may cost the Town of Swampscott on their tax rate.

Our thanks go to retiring Town Counsel, Harvey F. Rowe, Jr., for his many years of dedicated service to past and present Boards of Selectmen, to Assistant Town Counsel, Arthur J. Palleschi, to our secretary Joseph C. Sinatra and to our most able and efficient professional Louise Champion who is our clerk on a full-time basis making the Office of the Board of Selectmen operate from day to day.

To all of the boards and staff that have made this office run a little more smoothly, thank you.

CLERK OF THE TOWN

JACK L. PASTER

The following is the report of the Town Clerk for the Town of Swampscott Annual Report for the year ending December 31, 1984:

During a routine vault cleaning operation, some papers were found hidden in a drawer which have been determined to be a valuable addition to the town's historic papers.

The drawer was stuck and it probably would have remained so were it not for the sheer curiosity of the Town Clerk. When pried open, five tightly wound rolls of paper were found. On the surface they looked like tubes of cardboard and were destined for the trash bin. One of the tubes, however, was kept tight by an elastic band. Again, curiosity played an important factor and when the tube was unravelled, it was evident that there was more than met the eye.

What we found were the original specifications for the construction of the Elihu Thompson Estate which was later purchased by the Town of Swampscott (in 1945) for its Town Administration Building.

The documents included the following: two pages of plumbing specs, five pages of laboratory specs, 11 pages of mason's specs, seven pages of specifications for the stable and 16 pages of carpentry specs. Some were handwritten by Professor Thompson himself and some were typed.

The documents are dated 1892 and carry the stamp of Boston Architect James T. Kelley. In general, the condition of the papers is good, although restoration is needed to preserve them and allow them to be handles and viewed by all interested.

Realizing the importance of this find, the Town Clerk sought assistance from the Historical Commission. After a news article appeared in the local papers, a Swampscott resident who is a professional conservator of works of art on paper, volunteered her services to undertake the preservation and restoration effort on the papers. The conservator will treat, clean, flatten and repair the documents. When the process is completed, a display will be set up at Town Hall, for all to enjoy and appreciate.

It would be well advised to address two topics of interest this year to avoid headaches down the road; Town meeting attendance and the filing of minutes.

Town Meeting members must remember that it is their personal responsibility to be recorded as "present" with the door checkers before entering the hall for the annual or special meetings. My staff cannot be expected to remember everyone's face at every session of Town Meeting. Members who are recorded as being absent from three or more consecutive sessions of Town Meeting face removal by the remaining members of their precinct during the annual caucus meetings. Prompt, continuous attendance is the only way to fulfill the responsibility of being an elected Twn Meeting Representative.

Swampscott has a By-Law which requires the filing of minutes of all boards, committees and commissions with the Town Clerk within 40 days of each and every meeting (including sub-committees). This By-Law also includes the minutes of any executive session although the minutes of an executive session meeting may remain secret "so long as publication may defeat the lawful purpose of the executive session but no longer."

These minutes must be filed with the Town Clerk as prescribed. The minutes are then a public record and available for inspection in one central repository.

Unfortunately, some boards and committees are lax in this regard. Minutes of a few agencies are filed late and often with incomplete data. In the months ahead, this office will attempt to correct this situation through direct contact with those individuals who do not comply with the intent or spirit of the By-Law and state statutes in this regard. It is hoped that all boards, committees and commissions will follow the laws which will only serve to "open" the doors of municipal government to all residents.

Attest: JACK L. PASTER
Clerk of Swampscott

In accordance with the By-Laws of the Town of Swampscott, the following newspaper advertisement was published in the Daily Evening Item on May 7, 1984 concerning the reconvening of the Town Meeting:

Commonwealth of Massachusetts TOWN OF SWAMPSCOTT

Notice is hereby given that the adjourned Annual Town Meeting of 1984 will reconvene on Monday, May 7, 1984, 7:45 p.m., in the auditorium of the Swampscott Junior High School on Greenwood Avenue.

Douglas F. Allen, moderator of Swampscott, will preside.

JACK L. PASTER
Clerk of Swampscott

For the Town Meeting attendance, by precinct, see list at the end of this report.

The Return of Service was read by the Town Clerk who then administered the Oath of Office to the Town Meeting members.

Monsignor John P. Carroll, pastor of St. John the Evangelist Church in Swampscott, offered the invocation.

ARTICLE 2. To hear and act on the reports of Town Officials, Boards, and Committees.

Sponsored by the Board of Selectmen.

Diana Kelly, chairman of the Fourth of July Committee, offered a report of the upcoming festivities.

Michael A. Palleschi, co-chairman of the Retirement Review Committee, read his committee's report and then offered a motion to dissolve the committee since its work was completed.

Town Accountant Keith A. Callahan, a member of the Contributory Retirement Board, asked for a Sense of the Meeting vote as follows: The Town Meeting authorizes and directs the Swampscott Contributory Retirement Board to transfer to the Pension Fund of the

Retirement System the excess earnings in the calendar years 1984, 1985 and 1986 as permitted by Chapter 661, Section 28, of the Acts of 1983, MGL. This Sense of the Meeting vote was voted unanimously, on motion of Carl D. Reardon.

Robert L. McVie, secretary to the Finance Committee, offered some editorial corrections to Article 5, the Budget.

Vincent P. O'Brien, chairman of the Chapel Study Committee, presented a report of progress.

Ann Whittemore, chairman of the Master Plan Committee, presented a report of progress and requested that the committee be continued for another year.

Dominic Spinale of the Public Safety Study Committee moved that his report be heard after Article 34. Passed unanimously.

At the start of session two, May 1, 1984, Francis J. Cassidy offered some remarks "In Memoriam" for Howard Ring, a Swampscott resident long active in youth and sports activities. Members stood for a moment of silence.

ARTICLE 26. To see if the Town will vote to appropriate a sum of money to repair roofs and replace overhead door at the Public Works yard, by borrowing or otherwise, or take any action relative thereto.

Sponsored by the Board of Public Works.

VOTED ARTICLE 26. That the Town appropriate \$12,000 for the purpose of undertaking the following repairs at the Public Works yard: replacement of overhead door and repairs to certain roofs. Further that the Treasurer be authorized to borrow this amount through the issuance of bonds or notes of not less than two nor more than five years duration under Mass. General Laws Chapter 44 Section 7 Sub-section 3A and that the Treasurer be authorized to combine this borrowing with any borrowing authorized by this Town Meeting.

Unanimous Vote.

ARTICLE 27. To see if the Town will appropriate a sum of money for sidewalk reconstruction, by borrowing or otherwise, or take any action relative thereto.

Sponsored by the Board of Public Works.

VOTED ARTICLE 27. That the Town appropriate \$20,000 for the purpose of undertaking sidewalk reconstruction work in various areas of the Town. And further that the Treasurer, with the approval of the Selectmen, be authorized to borrow this sum through the issuance of bonds or notes of not less than two nor more than five years duration under Mass. General Laws Chapter 44 Section 7 Sub-section 6 and further that the Treasurer be

authorized to combine this borrowing with any other borrowing authorized by this Town Meeting.

Unanimous Vote.

ARTICLE 28. To see if the Town will vote to appropriate a sum of money for repairs to the Fish House, by borrowing or otherwise, or take any action relative thereto.

Sponsored by the Board of Public Works.

VOTED ARTICLE 28. In anticipation of the filing of an application by the Town under the provisions of the Coastal Facilities Improvement Act, the Town appropriates the sum of \$100,000 for repairs to the Fish House; such sum to be borrowed by the Treasurer with the approval of the Selectmen for a term of not more than ten years under Mass. General Laws Chapter 44 Section 7 Sub-section 3A. Also that the Town authorize the Department of Public Works to undertake major repairs to the building fabric at the Fish House and that the Department of Public Works be directed to establish a minimum rental fee for Fish House lockers, beginning July 1, 1984, except those used by town boards, commissions, etc. which will include a 20 year amortization (6 percent interest basis) of that portion of the \$100,000 renovation cost applicable to the square footage allocated to said lockers and also annual maintenance, viz:

Annual Principal Amortization	\$5,000
6% int. on ave. principal outstanding	<u>3,000</u>
Subtotal	\$8,000
To which will be added an annual current maintenance cost which gives the total rent base.	

This rent base will be allocated on an occupancy square foot basis using total usable square feet as the denominator. It is understood that currently the square footage allocated to lockers used by fishermen at the Fish House represents about 60% of the usable space. Further, that the Town Meeting appropriate an additional sum of \$130,000 for the repairs to the pier adjacent to the Fish House and for dredging in the area immediately fronting said pier, provided, however, that implementation of pier repairs and dredging shall be contingent upon approval of the Town's application for 50% funding under the Coastal Facilities Improvement Program and further that the Treasurer, with the approval of the Selectmen, be authorized to borrow this amount through the issuance of bonds or notes and that the Treasurer be authorized to combine this borrowing with any other borrowing.

Unanimous vote.

ARTICLE 29. To see if the Town will vote to appropriate a sum of money for repairs to the Chapel, by borrowing or otherwise, or take any action relative thereto.

Sponsored by the Board of Public Works.

VOTED ARTICLE 29. That the Town appropriate the sum of \$17,000 for repairs to the Swampscott Cemetery Chapel and further that the Treasurer, with approval of the Selectmen, be authorized to borrow this amount through the issuance of bonds or notes of not less than two nor more than five years duration under Mass. General Laws Chapter 44 Section 7 Sub-section 3A and further that the Treasurer be authorized to combine this borrowing with any borrowing authorized by this Town Meeting.

Counted Vote: 175, yes; 67, no.

ARTICLE 30. To see if the Town will vote to appropriate a sum of money for repairs to the Town Hall, by borrowing or otherwise, or take any action relative thereto.

Sponsored by the Board of Public Works.

VOTED ARTICLE 30. That action on this article be postponed indefinitely.

Unanimous Vote.

Town Collector

JACK L. PASTER

The following is the report of the Town Collector for the Town of Swampscott Annual Report for the year ending December 31, 1984:

This year's report from the Town Collector and Collector of Taxes will focus on important changes in state law concerning every driver's favorite topic, the automobile excise tax.

Automobile excise taxes, effective January 1, 1985, are now due and payable in full within 30 days and not 60 days. This change in the law was the work of the Massachusetts Collectors and Treasurers Association of which your Collector is a member of its Legislative Committee which sponsored the action on Beacon Hill.

Before this year, residents were lulled into a false sense of security with the knowledge that they had 60 days to remit payment and thus many of the bills ended up on the bottom of the bill pile. Late payments resulted which meant late charges, interest assessments and countless verbal confrontations at the payment window.

Now, the auto excise tax bill is due within 30 days just like your telephone, electric, gas and credit card invoices. This law change should curb late payments and the accompanying penalties. The assessment of \$25.00 per \$1,000 of valuation was not changed.

Also, the minimum excise tax bill was raised from the \$2.00 level to \$5.00 to more accurately reflect the cost of billing including staff time, envelopes and postage. No excise imposed under state law can now be less than \$5.00 (the statewide average is currently \$45.00 according to Registry of Motor Vehicles statistics, so this change will not affect too many motorists).

Also, no abatement granted by the Board of Assessors can reduce an excise tax to lower than \$5.00 for the year. This means that drivers who trade their vehicles of older vintage midway through the year, will not longer be entitled to an abatement unless that abatement is more than the new minimum.

Also, no refunds of less than \$5.00 will be issued. This will mean that the Collector and Treasurer will not have to issue refund checks for auto excise taxes unless the refund amount is more than \$5.00. Previously, checks for amounts under \$1.00 were issued when abatements were processed by the Assessors. This was costly and the new minimum refund will mean a savings to the Town.

Motorists with questions concerning assessments and possible abatements are urged to see the personnel in the Assessors Office before remitting payment at the Collector's window to protect their rights under the abatement statutes.

It must be remembered that the handling of delinquent accounts has not changed but has been speeded up.

A Demand Notice, carrying a \$2.00 Demand charge plus interest, will be sent in all cases where payment has not been received by 5:00 p.m. on the 30th day after the date of issue printed on the bill. Motorists will have 14 days to remit the Demand amount and avoid further action.

On the 14th day at 5:00 p.m., the remaining unpaid accounts will be turned over to the town's efficient deputy collector, John B. Bolduc. Warrants so issued carry an additional \$9.00 penalty plus interest on the first notice with a five-day expiration date. The second notice carries an additional \$12.00 penalty.

In other words, the minimum \$5.00 excise tax bill, if left unpaid, could grow to over \$28.00. Delinquent accounts will also be processed through the Registry of Motor Vehicles for license and registration suspensions.

A word to the wise (with a little help) should be sufficient.

Your collector has been certified by the Massachusetts Collectors and Treasurers Association under the watchful eye of the Massachusetts Department of Revenue. This certification was earned through the educational and testing requirements of the Association as applied each year during August at the University of Massachusetts in Amherst. The knowledge gained during this training has resulted in more efficient collection techniques with the Town being the beneficiary in terms of faster collections and lower delinquency.

In closing, I would like to thank the townspeople for their support of our collection efforts. They have said loud and clearly that all people should pay their fair share of taxes and not simply a select few. We do not take this responsibility lightly. I would also like to thank my staff, Carol McNelley and Catherine Woods, for their hard work and service to the community.

Treasurer

JACK L. PASTER

The following is the report of the Treasurer for the Town of Swampscott's Annual Report for the year ending December 31, 1984:

When your Treasurer took office in April of 1983, there were 17 open Tax Title accounts representing many thousands of dollars in uncollected tax revenues which were sitting in the vault collecting dust. One of the advantages of having a results oriented collector also serve as treasurer is that open accounts are not allowed to remain that way for long.

As your Treasurer, I began an intensive effort to chip away at those old Tax Title accounts, one at a time. Letters were sent to each of the delinquent taxpayers carrying a stern warning that the Town of Swampscott would not sit by and watch these accounts continue to collect dust.

Each taxpayer in the Tax Title account file received a personal telephone call to emphasize that the Town was serious in its collection program regarding back taxes and all correspondence was handled through the use of certified mail so that every individual was given every opportunity to receive the information concerning his or her tax account. There could be no excuses that the delinquent taxpayers were not made aware of their tax status.

Strict payment schedules were worked out with those who were experiencing financial difficulty and mortgage banks, secondary lenders and a few estate attorneys were contacted throughout the effort.

The results are plainly evident. As of this writing there are no open Tax Title accounts on our books. There is a "zero" balance of money owed to the Town of Swampscott for back taxes. This is simply part of our innovative and improved cash management program, a program that will be carried into the future under this administration.

Your Treasurer believes that the Town does not belong in the real estate business. He believes that all property owners should pay their full and fair share of the taxes necessary to run the municipality. There are no exceptions to this prudent philosophy.

* * *

After a three-year educational program during August of each year, your Treasurer has been Certified by the Massachusetts Collectors' and Treasurers' Association. The certification program was conducted under the watchful eye of the Commonwealth's Department of Revenue and consisted of intensive courses in Municipal Finance Law, Municipal Cash Management and all phases of the Treasurer's operation which is governed by the myriad of state laws and regulations. I appreciate the town's support in providing funding for this education. The Town is the beneficiary in increased efficiency, improved financial management and in greater returns on investments.

* * *

Your Treasurer actively participates in the 'watchdog' responsibilities which are shared with the Town Accountant and the Board of Selectmen. Before any bill or salary voucher is paid the account is carefully scrutinized and then approved by the Accountant and the Selectmen before it reaches the Treasurer's desk for his signature on the actual check. Once the voucher reaches the Treasurer's office for payment, a final study is made to insure that everything is in order before the check is issued and mailed. With this 'watchdog' activity and routine in place, mistakes are not allowed to slip through the cracks. Questions are asked wherever necessary and until those questions receive satisfactory answers, payments are held. The Town of Swampscott is fortunate in having an efficient Accountant

who 'catches' most errors before they appear on the Warrant each week. The Selectmen and your Treasurer give every account one more look to protect the town's financial interests. We do not take this responsibility lightly.

* * *

New banking relationships are being opened at every opportunity. Old banking relationships are being solidified on a continuing basis. This has brought higher yields on investments and lower rates when the town is forced into borrowing situations. We are always open to suggestions from the banking community and welcome their input as to ways of improving cash management.

* * *

We have contracted with PEBSCO-Mass. to offer a personal retirement program for town employees at no cost to the Town of Swampscott. We consider this new plan to provide a safe and convenient method of saving for retirement while reaping a satisfactory reward in terms of earnings. Many employees have opted to participate in this voluntary plan on a payroll deduction basis.

* * *

We continue to maximize our earnings on investments. During 1984 this office earned over \$156,000 in interest income.

* * *

In closing, I would like to thank all Town Departments for their assistance and cooperation and Mrs. Barbara Bickford, my assistant, for her diligence and hard work.

* * *

To provide an historical prospective into the Town's Debt Service, we will publish a complete schedule every other year in this section of the Town Report. In this way, residents can track the town's debt position as voted by the annual and special Town Meetings. This information is not intended to take the place of the Town Accountant's "Debt Statement" but is simply an easy to understand schedule of the town's debt.

Town Counsel

HARVEY F. ROWE, JR.

It is more than a decade since I commenced my employment with the Town of Swampscott Legal Department. The Town has gone through many changes during that time. During the early 1970's, the main emphasis was on the issue of growth, density and traffic. The issue of labor management and union negotiations was of less concern, and contracts were agreed upon with a minimal amount of stress. The main concern during negotiations was the balance of the amount of money paid in relation to the quality of service and education for the children in the system.

The advent of Proposition 2½ has put more emphasis on cost control and the streamlining of systems, including but not limited to services and education. The legal department has had more responsibility, while at the same time facing a lack of additional funding as the other departments in Town. It is my opinion that Proposition 2½ has lowered taxes, or at least slowed the escalation of taxes. The issue for the future is whether Proposition 2½ will be a meaningful tax saving measure or will so deplete the services and quality of life so as to effectively change the type of life that we have become accustomed to within the town.

It is with regret that I am not going to seek re-appointment as Town Counsel. I am proud to have been able to serve the Town of Swampscott for so many years. I wish to thank the many members of the Board of Selectmen that I have been associated with over the years, and other members of the Legal Department who assisted me.

Board of Assessors

ANTHONY F. BENEVENTO, Chairman

JOHN M. HARTLEY, Secretary

ERNEST J. MAZOLA

The Board of Assessors herewith submits its Annual Report to the Citizens of the Town of Swampscott for the year 1984.

The Townspeople elected two new board members, Ernest J. Mazola and Attorney John M. Hartley.

At the first meeting of the Board after town elections in April, Anthony F. Benevento and John M. Hartley were elected Chairman and Secretary respectively.

Anthony F. Benevento received his professional designation as an Assessor awarded by the Department of Revenue and Massachusetts Assessors Association.

The Board of Selectmen voted to split the tax rate for fiscal 1985 at \$21.70 per thousand for property classified as residential and \$31.58 per thousand for property classified as commercial and industrial.

The Board is beginning preparation to contract services to up-date values of property at its full and fair cash value for Fiscal 1987 as mandated in accordance with the General Laws of the Commonwealth.

The Board expresses its thanks to Town Counsel, Harvey F. Rowe, Jr. and Assistant Town Counsel, Arthur J. Palleschi for their assistance in matters of litigation and also to various Town Departments for their continued cooperation and support.

Statutory exemptions on real estate, which are mandatory under Chapter 59, General Laws of the Commonwealth of Massachusetts to qualifying homeowners, totaled in the amount of \$104,850.62.

The Board of Assessors herewith submits its figures to determine the Tax Rate for Fiscal 1985:

GROSS AMOUNT TO BE RAISED	\$ 15,374,469.73
ESTIMATED RECEIPTS	<u>4,760,391.10</u>
NET AMOUNT TO BE RAISED BY TAXATION	\$ 10,614,078.63
REAL ESTATE VALUATION	\$462,347,830.00
PERSONAL PROPERTY VALUATION	<u>8,217,925.00</u>

Housing Authority

DAVID GILMORE, Chairman

MARGARET M. KELLY, Vice-Chairman

JOHN F. O'HARE, Treasurer

EVA PERETSMAN, Member

ALBERT DiLISIO, Assistant Treasurer

LEONARD H. BATES, JR., Executive Director and Secretary

MICHAEL J. MARTIN, Counsel

The Office of the Authority is located at 6 Duncan Terrace and is open daily from 9:00 A.M. to 5:00 P.M. every day except Saturday and Sunday. Regular and Special Meetings are held as often as necessary to carry out the business of the Authority. The Annual Election of Officers is held on the third Wednesday following the Annual Town Election.

The Authority was established in 1948 and is an independent corporation from the Town. Four members are elected by the voters of the Town and the fifth member is appointed by the Secretary, Executive Office of Communities and Development for a five-year term. The other four members are elected for a five-year term with staggered expiration dates to guarantee a majority of experienced members to carry out the functions of the Authority. All vacancies are filled by a vote of a joint meeting between the Authority and the Board of Selectmen until the next Annual Town Election to fill the unexpired term.

Information with regard to Admission and Continued Occupancy Limits and Eligibility Requirements for both types of housing in the Town can be obtained by calling the Authority's Office at 593-5516 or by calling in person during regular business hours.

Also, all Rules and Regulations pertaining to Public Housing are on file for inspection by anyone.

Under the Authority's continuing Modernization Programs, apparently the problem with the installation, additions and alterations to the Fire Detection and Alarm Systems at Doherty Circle and Duncan Terrace has been cleared up.

On November 7, 1984, the Authority was notified by Electro Signal Lab, Inc. that there was a recall of certain 300 Series Smoke Alarms and that the recall was due to poor audibility. Apparently the contractor, World Electric Corporation failed to notify the Authority of this recall.

On December 3, 1984, Electro Signal Lab, Inc. replaced all of the 300 Series Smoke Alarms at Doherty Circle and since that time there has not been any false alarms.

The Authority was granted Modernization Funds in the amount of \$30,000.00 on July 9, 1984, by the Executive Office of Communities and Development for the re-roofing of six buildings at Duncan Terrace and this was amended to \$50,700.00, on November 15, 1984.

The work commenced on October 17, 1984, by Professional Roofing Contractors of Salem, MA and was completed on November 9, 1984.

The Authority on July 29, 1984, applied for \$4,200.00 for conservation-related improvements at both Duncan Terrace and Doherty Circle and on September 4, 1984 were awarded \$2,300.00. This was amended to \$2,900.00 on October 29, 1984, to install 132 new night setback thermostats at Doherty Circle. These thermostats were just received recently and every effort will be made to have them installed as quickly as possible.

On August 14, 1984, the Authority was notified by Amy S. Anthony, Secretary, Executive Office of Communities and Development that a recent review of leasing performances under the Chapter 707 Scattered-site Program indicated that the Authority had exceeded its minimum, on-going performance standard and achieved 100% leasing.

In recognition of a job well done, Secretary Anthony was amending the Annual Contributions Contract to reflect an award of two (2) additional units.

Under the date of August 14, 1984, the Authority applied again for an additional 24 units under the Chapter 707 Scattered-site Program and on October 29, 1984, the Authority was awarded seven (7) more units bringing the total number of units under the Chapter 707 Rental Assistance Program to 20.

With regard to the application dated December 2, 1983, for Section Eight Existing Housing Program with the U.S. Department of Housing and Urban Development, the Authority never received a response.

The Authority would like to take this opportunity to extend its appreciation to Kent F. Murphy, C.H.O., Health Officer for the Town, for his complete cooperation in making the inspections under the Rental Assistance Program.

With out his assistance and understanding, this program would not be a success.

Also, the Authority would like to thank Chief Hyde and his whole Department for their assistance during the installation of the smoke detectors at Duncan Terrace and Doherty Circle.

Board of Appeals

JAMES L. RUDOLPH, ESQ. Chairman

WILLIAM O'BRIEN, Vice Chairman

ANN WHITTEMORE, Clerk

JACK LEVIN

CHARLES MORRISON, ESQ.

Associate Members

CHARLES HALL

RICHARD McINTOSH

The Board of Appeals held twenty-one (21) hearings during the year ending December 31, 1984; a total of fifty-nine (59) applications were filed with the Board during that period.

A new fee structure raising the basic fees from \$35.00 to \$100.00 was implemented during the past calendar year.

The Board would like to give special thanks to town counsel Harvey Rowe and Arthur Paleschi for their legal advice, building inspector Louis Gallo for his technical support and the associate members whose interest and expertise was of great assistance to the Board.

James L. Rudolph, Esq. was elected Chairman of the Board replacing Jack Levin who chose not to seek another term as Chairman. The Board would like to thank Jack Levin for his contribution to the Board and to the Town of Swampscott.

Department of Civil Defense

RICHARD E. MAITLAND, Director

The Swampscott Civil Defense continues to be active in providing support to Town Departments during emergency and disaster situations. We have also assisted organizations, such as The Fourth Of July Committee, during their activities. This has provided an opportunity for our personnel to train with our equipment, and demonstrate to the public the capabilities of some of our equipment. Our personnel continue to participate in training programs sponsored by State and Federal programs.

Disaster preparedness information pamphlets are available to anyone upon request. Any citizen interested in becoming a Civil Defense Volunteer should contact the Director.

Board of Health

ROBERT W. MURPHY, Chairman

THEODORE A. DUSHAN, M.D.

STEVEN H. LEFKOWITZ, M.D.

KENT F. MURPHY, C.H.O. Health Officer

This year Dr. Howard E. Rotner, who had been a member of this board since June 19, 1975, resigned because of his pressing and demanding medical practice. Dr. Rotner was a member and chairman through many difficult years. We wish to thank him for these many years of service, for a job well done; and welcome Dr. Steven H. Lefkowitz, who was appointed in joint convention with the Board of Health and Board of Selectmen to fill the unexpired term until next town election.

There were 161 deaths resulting in a crude death rate of .09 per thousand. The average age at death was 77.43 years. Of this number there were 40 deaths that occurred at a long term care facility, many of whom were not long time residents, resulting in 121 deaths for an average age of 74.60 years of death.

There were 119 births for 1984. Births for the last 11 years were as follows: 1974, 89; 1975, 86; 1976, 96; 1977, 97; 1978, 98; 1979, 93; 1980, 99; 1981, 107; 1982, 100; 1983, 123; 1984, 119. This indicates a gradual rise over the past few years but no rapid increase.

The major causes of death were Heart Disease 98, Cancer 28, Respiratory Disease 17, Gastrointestinal Disease 4, Central Nervous System 4, Septicemia 4, Accident 3, Suicide 2, and Diabetes 1.

Communicable disease for the past 7 years are as follows:

	1984	1983	1982	1981	1980	1979	1978
Chicken Pox	33	68	52	91	103	75	90
German Measles (Rubella)...	0	0	0	0	0	3	1
Hepatitis Infections	5	2	3	0	2	2	0
Measles	0	0	0	0	0	0	0
Meningitis	1	0	2	1	1	0	0
Mumps	0	0	0	1	1	0	0
Salmonellosis	9	3	9	3	4	2	16
Scarlet Fever	0	6	12	2	2	0	2
Streptococcal Infection	12	9	24	8	10	4	7

The evidences of communicable diseases appear normal. The low number of chicken pox is deceiving, as the chicken pox season was late this year due to good warm winter weather.

The Flu and Pneumonia Vaccine Clinic was successful this year and a total of 531 shots were given at the clinic, 200 doses were supplied to the Jewish Rehabilitation Center and 70 were given out to private physicians.

We wish to thank Dr. Dushan, Board Member; and nurses Margaret Casey, Leslie Breen Barbara DiPietro, Ruth Epstein, Joan Fried and our Public Health Nurse, Ann L. Greenbaum; as well as our clerical volunteers KiKi Cullen, Barbara Eldridge, Barbara Gustavsen, Dorothy Steminiski, Carol Dedrick, Betty Beatrice, Florence Flanagan and Betty Johnson; and Monsignor John Carroll for donating the use of St. John's Hall.

Our Well Child Clinic was conducted the last Tuesday of every month, and we wish to thank Dr. Albert Brown, pediatrician, and the First Church in Swampscott Congregational for donating the space and facilities for this clinic.

The first Tuesday of each month in Hypertension Clinic and is conducted for the senior citizens at the Leon E. Abbott Senior Center, Burrill Street, Swampscott. A total of 536 were tested with 6 referrals.

Blood lead tests were done in the Swampscott kindergarten and the day care centers, as well as by appointment in this office. Over 250 children 6 years or under were tested, with no positives.

Dental tests were done by Doctors Clement Schoenbeck, Paul McNeil, Charles Lynch and Ronald Plotka, who conducted screenings in grades kindergarten through VI inclusive. A total of 1,896 students were screened, and there were 46 referrals to family dentists.

Our beaches experienced pollution problems again this year. Stacey Brook was again a major source of pollution which was eventually corrected by the Swampscott Department of Public Works. We also had serious pollution to Eiseman Beach and were forced to close this beach for one week. This source, although still unknown, was not Stacey Brook. Next year's testing will address this pollution source.

The algae that has been on our shores for many years is again being studied to try to find a solution to this horrendous odor problem.

Representative Timothy Bassett and the Metropolitan District Commission is funding Dr. Robert Wilce of the University of Massachusetts to take all the data generated in previous studies, and come up with a solution to the algae problem.

After a study, the Board of Health adopted regulations governing suntanning booths to protect consumers. We do not have any suntanning in town, but it is the Board of Health's opinion that the regulations are to be in place. Those wishing to do so now know the regulations governing them.

The Board of Health after a public hearing in June and several meetings, adopted "Regulations Affecting Smoking in Public Places", which require "no smoking" areas in restaurants, library, public meetings and other public places.

All licenses, permits and rubbish fees amounted to \$4,868.00 which was turned in to the Town General Fund.

We wish to thank all boards, committees, departments and citizens for their assistance.

Swampscott Conservation Commission 1984 Annual Report

ERLAND S. TOWNSEND, JR., Chairman

SARAH P. INGALLS

THOMAS F. KILEY

LAWRENCE PICARIELLO

G. WILLIAM TURNER

CHARLES WILKINSON

The Commission was saddened by the death in October of Esther Ewing, Co-chairman and a member of the Conservation Commission since 1972. With the resignation earlier of Nancy Driggs two vacancies occurred and these were filled by Thomas F. Kiley and G. William Turner. In June Teresa Nelson had been appointed but later resigned to become an associate member.

During the year there were five public hearings held under the Wetland Protection Act. Ten public hearings were held for a Determination of Applicability to the Act and all ten were found to be negative; that is, not applicable. Also an extension of Orders of Condition was granted to the owners of the Preston Beach Motel property.

After some years in its preparation, the Master Plan of the Conservation Commission was finished and copies distributed to various departments in town. Copies are available at the Administration Building.

Four small wetland lots were added to the Wetland Zoning Map by act of Town Meeting, this having been sponsored by the Conservation Commission.

Litter problems continue to plague various spots in town. Muskrat Pond and Palmer Road at the end of Ocean Ave. are two such problem areas and the Commission would like more cooperation in controlling the litter in these places.

Forest Warden

WILLIAM R. HYDE, Chief of Department

The following is the report of the Forest Warden for the year 1984:

During the year 1984, this department issued 35 burning permits to the residents of Swampscott. This was done in accordance with the law which allows burning during the period January 15, through May 1. This burning to consist of the open burning of products of open space land husbandry and management, including materials commonly referred to as brush including vegetation such as tree branches, brush, cane, driftwood and other forestry debris, but excluding grass, hay or leaves. The permit for such burning to be obtained from the fire department.

Such burning shall be performed in accordance with following requirements: a) without causing a nuisance, b) with smoke minimizing starters if fire starters are necessary, c) between ten o'clock ante meridian, and four o'clock post meridian, d) on land proximate to the place of generation of such products, or at such place as may be designated in the permit.

Violations shall be punishable by a fine of not more than fifty dollars per day, and each day's violation shall constitute a separate offense.

This statute will be enforced by this department anytime it is encountered.

Any future changes in the open burning law will be issued to the local papers for citizen notification. I wish to thank the citizens of Swampscott for their past cooperation in this matter.

Fire Department

WILLIAM R. HYDE, Chief of Department

The following is the report of the Fire Chief for the year 1984:

During the year 1984, this department answered a total of 867 alarms. Of these alarms, 52 were building fires, 14 traffic accidents, 24 were medical aids. The remainder of these calls included lockouts, false alarms, mutual aid runs to other cities and towns, electrical fires, chimney fires, oil burners, details and miscellaneous incidents. We inspected and issued 83 permits for oil burners. There were 455 parcels of property inspected for smoke detectors.

"APPARATUS"

The apparatus of this department is mechanically in excellent condition with the exception of our reserve pumper, Engine #1. This pumper is a 1955 Maxim, 750 gallon per minute pumper. As I stated in last year's report, this pumper should be replaced immediately as parts for this vehicle are now hard to come by. I discussed this with the finance committee at last year's meetings and the article was indefinitely postponed in favor of recommending a program to refurbish Engines #2, & #3 for which I am most grateful. The need however is there for a dependable back up pumper which would be placed into service whenever the first line pieces of equipment were out of service. With the program recommended by the Finance Committee to Town meeting for refurbishing my Engine #2 was completed in September and is now back in service for the Town. The work was done by Greenwood Motors of North Attleboro. The body has been replaced with all aluminum and is expected to last for many years. My engine #3 will be sent out in the coming year for the same repairs. My new ladder continues to perform in the manner which I had hoped.

"FIRE DRILLS AND INSPECTIONS"

Fire drills were conducted at all schools during the year 1984. Fire drills are conducted shortly after school opens, during fire prevention week and several times during the year. Separate drills are conducted by the teachers throughout the year. These drills are conducted in an orderly and efficient manner and credit is deserved by the principals and faculty who supervise our students. Each year before the opening of school, the fire alarm systems are checked in all schools by the Town Electrician and a member of this department. All systems were found to be in proper working order. All mercantile, public and other buildings under our control have been inspected according to law. Inspection of property is a valuable branch of the fire service, and we of the fire service are more than happy to do our part in this most important work. Citizens of Swampscott are urged to contact their fire department for suggestions on fire prevention and fire safety. The number to call is 595-4050.

"FIRE ALARM SYSTEM"

The fire alarm system is maintained by the Town Electrical Inspector. Overhead wiring is still needed in certain areas of town. I have asked the Electrical Inspector to give me a

written report of what is needed and the cost. Due to budget constraints and level funded budgets we are taking care of the emergencies first and if there is any money left at the end of the year it is used for preventative maintenance. Fire alarm boxes are important and all residents should know the location of the nearest fire alarm box to their home. This box can be used to summon immediate help whenever an emergency arises. The fire alarm box is not limited to fire related incidents, but can be used to summon help for medical aids, automobile accidents and any other emergency. All fire alarm boxes are tested on a regular basis by the Town Electrical Inspector. Anyone not familiar with the operation of a fire alarm box should call the fire department for instructions on its use. Do not hesitate to use the fire alarm box for any type of an emergency. It is a means of getting help immediately.

"PERSONNEL"

The following personnel retired during the year 1984:

Michael J. DiLisio began his career in December 1963, was appointed in 1964, promoted to Captain in December of 1973 and retired February 23, 1984.

Philip Whitten began in June of 1950, served as an acting Captain from April 1973 thru October 1973 and retired in August of 1984.

Edmund J. Pickard, Jr. was appointed as a firefighter in November of 1955 and retired March 3, 1984.

Joseph Braccio was appointed as a firefighter in 1946, promoted to Captain in December of 1950, served as an acting Deputy from April 1973 through November 1973 and retired July 5, 1984.

Harold L. Jacobs was appointed in 1945, promoted to Captain in April of 1967, served as the department clerk from January 30, 1983 and retired in July of 1984.

Acting Captain Jim Fenelon returned to his duties as a firefighter. Jim served as an acting captain from July 3, 1983 until November 4, 1984. I would like to thank Jim for his dedication and professionalism during the time he served as an officer. He has passed the most recent examination for promotion to Captain.

Appointed as permanent Officers during 1984 were Michael Champion, Richard Carmody and David Hatch.

Claude P. Cullen Jr. and Robert Donahue also served as acting captains during 1984.

"ATLANTIC HAND TUB"

The Atlantic Handtub traveled to the following places in 1984: West Newbury, Mass., Bath, Maine, Topsfield, Mass., Ipswich, Mass., East Greenwich, Rhode Island, Newburyport, Mass., and Pepperell, Mass. They competed and finished in the first position at East Greenwich, Rhode Island, finished second in Pepperell, third in West Newbury, fourth in Newburyport, fifth in Topsfield, sixth in Ipswich and seventh in Bath, Maine. They won prize money in the amount of nine hundred and seventy five (\$975.00) dollars. They also retained the Taylor trophy in their competition with the Gerry handtub from Marblehead.

Police Department

PETER J. CASSIDY, Chief

PERSONNEL

Captain Joseph A. McHugh, retired, after many years of service to the department and community. Lieutenant Paul L. DesRoches was appointed to the rank of Captain. Officer John F. Behen, Jr., was appointed a permanent patrol officer. These appointments were made from a certified civil service list.

TRAINING AND EDUCATION

Officer John F. Behen, Jr., graduated from a 13 week recruit training program sponsored by the Massachusetts Criminal Justice Training Council.

Twenty-six patrol officers are certified emergency medical technicians. They are involved in training sessions throughout the year to maintain their certification in order to deliver the most advanced treatment for our residents.

Captain Paul L. DesRoches, in charge of the patrol division has available safety officer George M. Gately who conducts our safety programs at all of the elementary schools.

Captain John E. Toomey, in charge of investigations and prosecutions has available five officers, trained in all methods of crime preventions to assist our residents with the proper planning to decreasing the possibility of criminal activity in and around their property.

Eighteen members of the department continue to attend Colleges and Universities in the area on a part-time basis; many have attained degree status and three have advanced degrees.

The department for the first time began a cadet program. The program was a successful and rewarding experience, not only for the participants, but for the Town as well. The program demonstrated many needs within the department which could be effectively filled by cadet personnel. We feel at this time that the program should be viewed as a pilot project and should be used to lay the ground work for a modified and expanded program for the summer of 1985.

AUXILIARY POLICE

The Auxiliary Police under the direction of Auxiliary Chief Harold J. Keating have been active throughout the year in assisting the regular department at various functions.

Chief Keating retired this year after many years of service to the department and the Town.

RECOMMENDATIONS

I recommend that the Town purchase two patrol vehicles; an intoxilyzer; a video taping machine and repair the heating system. I further recommend that a sergeants position be established within the department.

APPRECIATION

I would like to extend my sincere appreciation to the Board of Selectmen, the Women Traffic Supervisors, the Auxiliary Police, and especially to the members of the Police Department.

I would also like to thank all Town Departments and others who have co-operated with this Department throughout the year.

Fiscal constraints notwithstanding, 1984 was another year of accomplishment for the Recreation Commission.

Participation in commission programs continues to be excellent. Recreation facilities, although limited and somewhat fixed in number, serve the community well. Maintenance and upgrading of courts, diamonds, parks and equipment is carefully planned and executed so as to minimize cost while keeping these facilities in good condition.

Specific improvements this year included placement of new standards, backboards, rims and resurfacing at the Abbott Park basketball court; installation of a water bubbler at Johnson Park and replacement of the boat used for instructional and safety purposes in the commission's popular Youth Sailing Program. Indeed, through diligent management and careful shopping, the commission obtained a new Boston Whaler valued at more than \$2,600, at a total cost to the town of \$1,000.

The Recreation Commission extends appreciation to the Department of Public Works for their ongoing support. Assistance received from the Swampscott Jaycees is also gratefully acknowledged. In addition, support of commission sponsored Town Meeting Articles by the Finance Committee and by Town Meeting Members is appreciated, for we shall only ask for that which is essential to recreation programs consistent with the needs and wishes of the citizens of Swampscott.

Finally, the Recreation Commission earnestly solicits citizen input for we find that the best ideas come from you.

Traffic Study Committee

MICHAEL A. PALLESCHI

WILLIAM H. McCARTY, JR.

SWAMPSCOTT POLICE DEPARTMENT

The Swampscott Traffic Study Committee continued its policy of reviewing traffic problems and patterns in Swampscott.

Members of the committee met and were in attendance at pertinent hearings of the Board of Appeals, Planning Board, Board of Selectmen and other meetings, and members of the committee spoke at hearings and meetings when necessary to reflect the views of the committee.

The committee remains available for assistance and consultation where and when necessary.

FRANCIS MANCINI

The annual town census was conducted during the months of January and February, as per Chapter 51, Section 4-7, of the General Laws of Massachusetts, requiring that persons seventeen years of age and older be counted in the census. The total count was 14,247, and the breakdown by precinct is as follows:

Precinct 1	2568
2	2593
3	2287
4	2243
5	2390
6	2166
	<hr/>
	14247

In conjunction with the town census we are under obligation under Chapter 51, Section 4, as amended by Chapter 367, Acts of 1977, to include all persons three through twenty-one years of age and this data must be transmitted to our local School Committee.

No questions about special needs can now be asked as formerly under Chapter 766 and the purpose of the school census under the Board of Education regulations is to find any children who are not attending school and entitled to an alternative education through age of twenty-one. Such children do not appear on current records and school committees must rely on our listing to discover them. The required follow-up is the responsibility of the School Committee, and the listing is maintained in the School Dept. for their permanent records.

The retirement of Mrs. Gene H. Cormier as Secretary to the Board of Election Commissioners took place on February 1, 1984. Mrs. Cormier had served the board for fourteen (14) years and was a dedicated and conscientious Secretary, who derived great satisfaction in serving the community of Swampscott. Mrs. Cormier was replaced by Mrs. Olive G. Murphy.

Greater Lynn Community Service Center

JOHN F. O'HARE, Chairman

There is no report for the Greater Lynn Community Service Center (Welfare Board) as it had no meetings during 1984.

Personnel Board

PAUL E. GARLAND, Chairman

MRS. ROGER D. WHITEMORE, Jr. Clerk

KEITH A. CALLAHAN

PETER C. McCARRISTON

GERALD FREEDMAN

In accordance with Section 3(f) of the Personnel Board By-Laws, the Personnel Board herewith submits its twenty fifth annual report to the Board of Selectmen and to the citizens of the Town of Swampscott.

The Personnel Board met several times during the past year to act on matters brought before it by various boards, department heads, and individuals. Subsequent decisions were made and implemented, and a number of articles were sponsored in the warrant for the Annual Town Meeting.

The Board wishes to thank all town boards and individuals who have given us assistance and cooperation during the year.

Harbormaster Report

LAWRENCE P. BITHELL, Harbormaster

ANTHONY M. PIZZI, STEPHEN L. CASTINETTE, Assistant Harbormasters

This is a report of the Harbormaster, Town of Swampscott for Calendar Year 1984. I would like to thank the people of Swampscott for their support during the year and special thanks to Town Meeting for providing the extra operating money at last Town Meeting. Also, I would like to add special thanks to Chairman Perry for his efforts to improve the harbor, Selectman Greenbaum for making the motion for the extra funds at Town Meeting. To Chief Cassidy and his Police Department and Chief Hyde and his Fire Department for their efforts in keeping the harbor safe. Thanks also to Superintendent Sotiros and his Public Works Department for their efforts at the harbor. The efforts of the Yacht Club, fishermen, boaters, Recreation Commission, friends of the Harbormaster and all other boards and individuals I may have missed.

I would like to offer a very special thanks to my staff.

I would recommend the following:

- 1) Dredge the Harbor
- 2) Purchase needed equipment for the boat
- 3) Purchase 3 marine radios (police, fire, office)
- 4) Appoint myself and my unpaid staff as Shellfish Constables and Special Police to enforce the laws regarding the same.

Board of Public Works

DAVID L. PHILLIPS, Chairman

DANIEL P. KELLY

ROBERT W. SNOW

ROBERT J. SOTIROS, P.E., Superintendent and Town Engineer

The Department of Public Works is responsible for providing the following services:

- (1) Maintenance of 49 miles of roadway (as well as snow removal).
- (2) Operation and maintenance of the cemetery where 118 burials took place.
- (3) Operation and maintenance of the sewer, water, and drainage systems.
- (4) Operation and maintenance of the Wastewater Treatment Facility, seven Lift Stations and Composting Operation.
- (5) Maintenance of all Parks, Malls, Playgrounds, Beaches and Shade Trees.
- (6) Engineering.

MAJOR PUBLIC WORKS PROJECTS INCLUDED:

- (1) The resurfacing and/or reconstruction of the following streets:

Banks Road
Humphrey Street (Commonwealth Avenue to Puritan Road)
Essex Street (Elm Place to R.R. Bridge)
Burrill Street (Paradise Road to Essex Street)
Danvers Road
Foster Road (Vaughan Place to Windsor Avenue)
Elwin Street
Brewster Terrace
Sheridan Terrance
Elm Place
Virginia Circle
Blaney Circle
Connelly Avenue
Spring Court

- (2) Reconstruction of the following sidewalks:

Banks Road (Walker Road to Forest Avenue)
Cedar Hill Terrace, Easterly side
Ellis Road
Lexington Circle
Lexington Park
Essex Avenue
Boynton Street, Southerly side
Portion of Middlesex Avenue

WATER PROJECTS

- (1) Approximately 18 relays and 39 new services were done this year; 14 water breaks were repaired; 11 fire hydrants installed and/or repaired.
- (2) Work was completed on Oceanside Terrace and all residents on that Terrace are on the Town Water System.

- (3) Contracts were advertised twice to extend the water main on a portion of Windsor Avenue and Park Square so residents in that area can also be on the Town Water System. However, bids were over the estimated cost. Therefore, D.P.W. has purchased the materials for the project and has advertised for the excavation and installation of the water main extensions. Residents in these areas will be on the Town Water System by the spring of 1985.
- (4) Water main extended at the High School so sprinkler system could be installed at the rear field.
- (5) All hydrants were painted in town.

WASTEWATER TREATMENT FACILITY

- (1) Sluice gate installed at plant.
- (2) Chlorine station at Stacey Brook rebuilt.
- (3) Chlorine station at Marshall Street will be rebuilt in 1985.

MISCELLANEOUS

- (1) Planted 30 shade trees.
- (2) A program of removing Dutch Elm Diseased Trees and other trees continued as well as extensive pruning of other trees and spraying of trees.
- (3) Fences and signs were replaced, also all sign posts were painted.
- (4) Repairs to the Town Hall exterior have been completed.
- (5) Repairs to the Chapel Tower have been completed.
- (6) Repairs to a portion of the Highway Roof were completed and two new garage doors installed.
- (7) Consulting Engineer firm has been evaluating the Town sewer system.
- (8) Two ten ton trucks have been purchased, also two new sanders.

Highlights of 1984

A. Services

I. Three of the four basic library operations were strengthened. Reference was restored to full-time position, and the Adult Circulation and the Children's Departments regained almost

a third of the part-time staff they had previously lost. Thus our most important public services were returned to an adequate level of staffing.

II. Library services expanded to two areas. For the first time, the Children's Room had evening hours - Monday nights from 5-8 p.m., giving parents and children a greater opportunity to use its resources.

In September our computerized circulation system was installed although it will not be fully operational until all of the library's records are entered into the computer. In the meantime, we have been using it for one important service-interlibrary loan requests. Such requests have increased by 300% since the computerized system was installed.

B. Library Building

I. The most pressing problems with the building were addressed in 1984. Three long-standing problems with the roof, which had caused damage to the interior, were finally corrected. Carpeting of the main floor was replaced. Funds were provided and plans made to repair and paint the exterior of the library in early 1985.

II. Building improvements/renovations were made in the Main Room and the Children's Room, most of the funds for which came from the library's fund-raising campaign. The library's lobby was converted into the adult circulation desk area, which resulted in a number of benefits. Putting circulation desk activities at the center of the Main Floor made it easier for the staff to monitor and cover both the Adult Room and the Reference Room. It reduced the congestion in the Main Room and made it easier to use the lower book stacks. In addition, some alterations in the Children's Room made more efficient use of space, shelving and heat.

C. Library Use

Attendance and circulation figures for 1984 are consistent with the figures for the last five to ten years. Circulation of library materials was 106,000. Attendance, including use of the auditorium, was approximately 79,000. Factoring in the two weeks we were closed due to renovations, the numbers match the 110,000 in circulation and 80,000 in attendance that we've averaged in recent years. Our figures are slightly (4%) above average for Massachusetts public libraries in our population range.

D. Projects for 1985

A. Service

Circulation, reader advisory, and reference services will improve with the help of our automated circulation system. Some traditional services will be quicker and more complete. Libraries with automated circulation systems have experienced increases in circulation ranging from 10 to 30 percent. Our goal is to have the system operational by the end of April, 1985.

We hope to increase the book budget so as to keep pace with patron needs and the increase in book prices.

We are particularly interested in providing more resources and services of interest to the elderly and to young adults. Cooperative efforts with the Council on Aging and with the new Town Librarians Council will help us achieve these goals.

B. Building

We hope to add additional shelving in the Children's Room, Main Room and Reference Room and to paint the library's interior.

Ultimately, we hope to reopen on Wednesday evenings and for half-days on Saturdays over the summer; to complete interior and exterior building repairs; to automate the card catalog by substituting computer terminals for the card catalog paper records; and to provide a personal computer for use by patrons.

During 1984 we received a number of generous contributions beyond those related to our fund raising campaign. The Lions Club contributed funds towards large print books, and The Swampscott Arts Council awarded us funds for several childrens and young adult programs. To these groups and to the many others who have made contributions to the library we are very grateful.

Council on Aging

MARTING S. PLUM, Chairman

ROBERTA A. KALOUST, Secretary	BARBARA CONCANNON, Treasurer	
HERMAN GOODWIN	HELEN SCHIFFMACHER	JOAN FRIED, R.N.
BETTY JOHNSTON	VINCENT P. O'BRIEN	ELIZABETH GREELEY

This year was the start of what could be called a year of program expansion directed at the entire elder community of Swampscott. With new appointments to the Council, the institution of new ideas followed. The one that has received publicity was the start of educational workshops given by professional educators. There were two such workshops offered in the Fall which were well-received. There are two more scheduled for the Winter and early Spring. These workshops are geared not only for those Seniors who regularly attend the daily nutrition program but also target those who are still members of today's workforce and are planning their retirement years.

Volunteers remain the backbone of the Council on Aging and service to our Elders contributing better than \$45,000.00 worth of value in time spent making the programs of Beano, Bi-monthly Movies, Line Dancing, Health Clinics, Meals-on-Wheels delivery and serving the hot lunches, a continued success.

A hand and safety rail was installed along the handicap ramp and the ramp was reggraded with grant money from the State Department of Elder Affairs and the aid of the Swampscott DPW. The reggrading insured against water backing up into the doorway.

The Council's Town Budget was supplemented by a State Department of Elder Affairs grant in the amount of \$3108.00 plus a Federal sub-grant administered and awarded by Greater Lynn Senior Services of \$1,00.00 to pay all utilities at the Leon E. Abbott Senior Center. A General Electric Good Neighbor Fund grant made it possible for the Council to hire a part-time van driver. Through the complete service package offered to Swampscott seniors a total of \$313,843.00 in services and dollar value of services helped many of our seniors cope with illness, living alone, losing a mate, transportation, nutrition and with the chores connected with owning one's home as the years add up. Town budget allocation served as part of a cash match contribution to make these services possible. For the first time in three years the CoA will be billed an additional \$1,000.00 for a cash contribution match in FY'86. Our total budget provides an approximate 3½% match for all State and Federal grants and GLSS service package.

With increasing service programs, the increasing costs of these and Center programs, the approaching need for at least a part-time staff person to help at the Center, the Town will need to reassess the meager budget awarded to the Council on Aging in order to insure our elders of good programming needed to live a full and contented life with their peers.

Manchester	Carl A. O'Brien	Wenham	William C. Wagner

The 1983-1984 school year was the twelfth year of operation for North Shore Regional and our eighth year in our present facility. It was the first year that our tenth grade students were placed as a result of their ninth grade exploratory program. All indications are that students have been assisted through our guidance department towards the most appropriate shops.

ENROLLMENT

Our enrollment totals have stayed just about the same for the last two years despite a smaller pool of eighth graders from which to draw. The continued cooperation of our sending schools in making students available to our representatives for our recruitment program is very helpful. A new slide-tape program was professionally produced during the year which will be ready for next year. Also, a government surplus van is being modified and, when completed, will be used to bring our story to all of the communities in the District.

BUILDING NEEDS SUB-COMMITTEE

This sub-committee was formed to investigate all aspects of our future housing needs. The present lease with Emhart Corporation ends in June of 1986. Although the first of two five-year options can be exercised, the sub-committee recognizes the school needs a permanent solution to our facility problem. At the present time the sub-committee is looking at various options: purchasing or obtaining land on which to build a new facility; investigating the purchase and rehabilitation of an existing school, and the potential of purchasing our present building. All of these options are contingent at this time on obtaining State Aid at the 90% level. To this end, a special bill will be presented to the legislature this year requesting construction aid at 90% and interest aid at 75%. If this bill or a similar one being proposed by the State itself passes, we will be in a favorable position to take some action.

PROGRAM OFFERINGS/CURRICULUM

We continue to offer seventeen vocational-technical programs: Auto Body Repair, Automobile Mechanics, Building Maintenance, Carpentry, Commercial Art, Computer Technology, Cosmetology, Culinary Arts (Cooking and Baking), Diesel Mechanics, Distributive Education, Fashion Design/Tailoring, Industrial Electronics, Machine Technology, Masonry, Refrigeration/Appliance Repair/Energy Systems, Technical Drafting, Welding/-Metal Fabrication.

The school also offers training in Resort Service Occupations. This is a unique program designed for low-incidence youngsters who are on an individualized educational plan under Chapter 766. The program served 11 students during the 1983-84 school year.

During the year the State's Board of Higher Education adopted more stringent entrance requirements to the schools under its aegis. Consequently, the curriculum of this school was reviewed and, with the addition of Computer Literacy, we now offer the necessary pre-requisites for our students to qualify for admission to State colleges should they so desire. Our curriculum also matches or exceeds the new standards currently being considered for adoption by the State in its educational reform legislation.

In January of 1984 the Department of Education conducted an extensive audit of all of our Chapter 74 programs. Our seventeen vocational-technical programs must conform to strict standards spelled out by the Division of Occupational Education. The results of the audit conducted by experts from other vocational-technical schools, as well as State Department personnel, was most rewarding. All of our departments were approved. Areas where recommendations for improvement were noted, have been studied, and changes have been made where appropriate.

NEW MEMBER

The Town of Nahant joined our District during the 1983-84 school year. In past years, Nahant students attended this school on a tuition basis. By amending the Agreement that formed North Shore Regional, Nahant became our sixteenth member. By joining the District, Nahant insures its high school age population of the opportunity to select vocational-technical education should they so desire.

ATHLETICS

A girls' softball team was added to our athletic offerings during the 1983-84 school year. We now have interscholastic teams in soccer, cross-country track, basketball, baseball and softball. Our teams are becoming more and more representative after going through the pangs of starting up. Being a member of the Commonwealth Conference allows us to compete with schools very similar to our own even though they have larger enrollments. Athletics offer our students the chance to be members of a team and to learn the necessity of being responsible to the team so it can succeed. This lesson carries over into the large arena of their lives as they continue onward after graduation.

PLACEMENT

We learned, unofficially, that this school had the highest placement rate of its June, 1984 graduates of all the Regional Vocational-Technical schools in the State. North Shore has always had a high rate of placement, and this year we came out on top. In many of the areas offered at North Shore, there were more job openings than graduates, a testimony to the healthy economy that currently exists. Seniors who qualified for the Co-operative Program again had the advantage of proving to their employers that they had the types of skills that would make them valuable employees. Most of these students continued to work for their Co-operative employers after graduation.

SUMMARY

North Shore Regional offers seventeen vocational-technical pursuits plus an exemplary special needs program entitled Resort Services. Students in our sixteen community district have available to them the opportunity to select a first-class vocational-technical program in a variety of offerings that no single community could offer on their own. Our academic and related curricula complement the shop offerings to produce a well-rounded program that allows graduates who prepared properly the option of immediate job placement, further education, or a combination of both. To insure our programs remain current in terms of the needs of employers, the school continues to use the expertise of the community through its Advisory Committees. These groups, plus the various sub-committees will continue to monitor our offerings as we go forward into the future.

Swampscott Cable Advisory Committee

CHARLES R. BORGIOLI, Chairman

LOUISE LACONTE

ARTHUR I. MISSAN

DOUG WHITTIER

GARY YOUNG

During 1984 the Cable Advisory Committee continued to monitor the performance of the licensee, Warner Amex Cable. The emphasis was on an increase in local origination and public access programming. There has been some improvement in this area but not enough to satisfy the committee that Warner Amex Cable is fulfilling its contractual obligations.

The Committee has been meeting with representatives of Warner Amex Cable in an attempt to resolve the problem but have advised the Board of Selectmen to continue to seek relief in the courts unless an acceptable compromise is reached.

One vacancy on the committee was filled with the appointment of Gary Young. Mr. Young has strong academic credentials and has become the committee's liaison to the school system which has formed its own committee under the leadership of High School Principal Peter B. Sack. This group could fill the gap of community involvement which is needed in the area of production.

The committee would like to encourage local residents to participate in TV production. Workshops and equipment are provided by Warner Amex Cable at no charge. Individuals could produce programming on any topic and have the material shown on the local channel.

The committee would also welcome any input from residents on how cable television could be improved.

Veterans Day Committee

WILLIAM McDERMOTT, Commander, VFW

CHARLES DWYER, Dir. of Veterans Services

Veterans Day was observed on November 12 at the World War 1 Memorial. Invocation and prayers were offered by the Rev. John Barrett as chaplain of the day.

Chairman, Robert Perry of the Board of Selectmen, spoke in behalf of the town. The ceremony was concluded with volleys from the firing squad and taps by Eric Mayor.

Wreaths are placed on the various memorials about town and open house followed at the V.F.W. quarters.

Memorial Day Committee

CHARLES W. DWYER, Chairman

WILLIAM McDERMOTT, VFW

Memorial Day observance began with a memorial mass at the St. John's parking lot on May 28 followed by a service at the cemetery. The Rev. Aidan Duffy, O.F.M., at Lt. Col. in the USMC offered prayers and benediction.

Chairman of the Board of Selectmen, Robert Perry, spoke in behalf of the town.

After volleys from the firing squad and taps by Eric Mayor, open house was held at the VFW quarters. Wreaths were placed on the memorials about town and flags were put on the Grand Army, WWI and II cemetery lots.

Department of Veterans Services

CHARLES W. DWYER, Director

For 1984 assistance was in line with the previous year. Medical costs and medication continue to be the chief expense along with the basic cost of living. For those out of work the aid is virtually nil. Except for any large unforeseen expense we should be able to live with our present budget since over 80% of assistance is now being provided by federal funds.

Workmen's Compensation Agent

ARTHUR J. PALLESCHI

This report of the Workman's Compensation Agent unfortunately carries an ominous message, since the fears that I have expressed over the past several years have all come to fruition.

The frequency and seriousness of claims has increased dramatically, yet we continue to "self insure" our workman's compensation program against all prudent advice.

To administer a \$100,000 a year budget, exclusive of judgments and settlements, the Finance Committee has recommended and the Town Meeting has voted to furnish a meager \$150.00 per year.

Unless action is taken to purchase workman's compensation insurance or as a far less desirable alternative, the current program is properly funded to permit administration above its current farcical level, we can look forward to enormous financial losses in the very near future.

In closing, I should like to urge that attention be focused on this little known yet enormously important department in a way that has not happened in many years.

Insurance Advisory Committee

JOHN F. BURKE, Chairman

SAMUEL F. BUTMAN

GARDNER L. GOULD, Secretary

Through the year issues relating to insurance coverage were addressed, particularly coverage for liability as it relates to personnel involved in the health field. This concern for protection from liability claims is consistent with the national trend and is directly related to the tendency for the general public to file claims in increasing numbers and for large amounts, and for judges to award damages under these claims for dollar values unheard of until recent years. This exposure to liability and work related injury claims is an important issue, and the town should seriously consider the purchase of Workmen's Compensation insurance. A review is being made of the insurance coverage in effect, and bids will be sought for the renewal of existing policies.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the Swampscott School Committee and the citizens of Swampscott:

I am pleased once again to submit my annual report as Superintendent of the Swampscott Public Schools.

The year 1984 brought many changes and events. As space does not permit to enumerate them all here, we share with you the most important ones.

PERSONNEL

With major reductions caused by Proposition 2½ and declining enrollments behind us, our staff has stabilized. During 1984 our staff demonstrated zeal and dedication in their commitment to providing Swampscott with the highest quality education available.

Listed below are personnel changes that have taken place during the year 1984. To those who have either resigned or retired, we would like to extend our sincere appreciation for their outstanding service.

INSTRUCTION

HIGH SCHOOL

The Swampscott High School has taken a significant step toward addressing the needs of lower ability students and those lacking the motivation to achieve at their ability level. The first step of the program for alternative education includes reducing class size, modifying the curricula in all areas, and using more appropriate textbooks. The second step of the plan has been to organize the staff working with this population into an interdisciplinary support team to focus on problems of low-skilled and low-motivated ninth graders. The addition of a second resource room has been instrumental in improving the academic welfare of these students.

Efforts are continuing to fine tune the high school curricula. In social studies "Street Law" and "Contemporary American Problems" are now being offered. The "Introduction to Computer Literacy" course now has 280 students.

Although it is difficult to select from numerous noteworthy activities, events, and programs, a few demand attention. The climatology program has been upgraded by having the latest weather information available from Weather Services International of Bedford. Students of the Climatology Club and Meteorology Club prepare the weather forecast for Warner Cable's Tri City News. Staff members, Mr. Ratley and Mr. Balsama, present the weather Monday through Thursday from 5:00 to 5:30 p.m. on Channel 13. A new part-time job replacement center has been established in the career center at the high school and

mini-career days are being instituted throughout the year. A new computer center, located in the College Placement Center, provides software to students relevant to college placement careers and financial aid planning.

JUNIOR HIGH SCHOOL

The absorption of Nahant Junior High School students has been a significant and positive event. Careful preparation and orientation has made this transition extremely smooth. Some of the program cuts caused by Proposition 2½ and a reduction in enrollment have been restored. The course, "Phenomenon of Language," has been introduced to provide an introduction to Latin as well as to strengthen our overall language program. Computer Literacy for all grade 8 students has been another addition to our curriculum.

ELEMENTARY

The computer curriculum has been implemented at the elementary school. With a computer laboratory at each school, every elementary student is regularly scheduled to use the computer on a weekly basis.

An Elementary Parent Handbook and Curriculum Guide was developed and distributed to all parents. The handbook provides information regarding all school services, procedures, regulations, as well as the descriptions of courses in all subject areas.

Revisions in the guidelines for Allocation of Curricular Time, Homework Policy, and the Teachers' Computer Handbook have been made.

Specific goals have been established to undertake a comprehensive review and revision of the K-6 Writing Program and the studying and development of a Gifted and Talented Program.

SPECIAL EDUCATION

A second resource room, funded by Public Law 94-142, was added to the one at the high school, thereby alleviating crowded conditions.

At the elementary level there have been several significant changes. The Machon and Clarke Schools now have full-time resource teachers. A resource room has been closed at the Hadley School, leaving one Transitional Resource Room, a language and therapeutic-based program for special needs students, ages 4-6.

The Primary Resource Room for language disordered students is located at the Clarke School. These students, ages 6-10, are provided occupational, physical, and speech therapy.

During the past year P.L. 94-142 Federal monies were utilized to continue to provide coordination of systemwide Adaptive Physical Education services; a Supervisor of Testing and Team Evaluations at the secondary level to conduct educational assessments for Chapter 766 students; a Psychiatric Social Worker to work at the junior high and high schools offering therapy services to special needs students and their parents, and a secondary Resource Teacher to work at the Junior High School with special needs students.

Through the use of P.L. 89-313 Federal special education funds, students who have returned from State facilities and private placements receive itinerant services (occupational, physical, and speech therapies) when needed.

SCHOOL BUILDINGS AND GROUNDS

Friable asbestos was removed or encapsulated in all the schools in compliance with State and E.P.A. regulations.

New energy efficient windows were added to the north side of the Hadley School and the south side of the Junior High School.

At the Junior High, the gymnasium and auditorium sections of the roof have been renovated. In addition, repairs were made on the slate roof. The gymnasium floor has also been renovated.

With the valuable assistance of Richard Coletti, the newly appointed Maintenance Coordinator, we have continued to update our school buildings.

CONCLUSION

I wish to commend and to thank the School Committee for their support in making quality education available to all students. A special thanks to my fellow Department Heads who have cooperated with and assisted me throughout the year.

Respectfully submitted.

Chris S. Patrinos, Ed.D.

Swampscott Historical Commission

SYLVIA BELKIN and DONALD WARNOCK, Co-Chairman

DAVID CALLAHAN

BARBARA FULGHUM

LOUIS GALLO, Secretary

DOUGLAS MAITLAND

MARILYN MARGULIUS, Treasurer

This year, after extensive work by Commission members and associates, the Fish House has been nominated by the government for inclusion in the National Register of Historic Places. This honor not only assures the building's protection as an extant symbol of Swampscott history, but also signifies its eligibility for potential historic project funding. The Commission is especially indebted to Andrew Epstein, Louis Gallo and Dorothy Anderson, whose efforts made this accomplishment possible.

A comprehensive inventory of Swampscott's historic resources is the foundation for the Commission's obligation to the State. As most of the benefits of the existing state and federal preservation programs cannot be realized until this inventory is completed, this has been and will continue to be the Commission's target project.

We are pleased to announce the appointment of a new member, Douglas Maitland.

Town Hall Restoration Advisory Committee

Restoration of the slate roofs and exterior finish of the carpentry and stone surfaces of the Elihu Thomson Administration Building is complete. Town residents should draw pride in the renewed beauty of the building as it now stands. This spring, the garage will be painted to assure complete harmony of the site.

The Committee plans to continue work on the landscaping of the town hall site and is currently seeking outside funding for that purpose.

The Committee reminds town residents that much money, effort and time has been expended to restore the building. Therefore, ongoing protection and maintenance must continue to be a priority item.

Our especial gratitude to the Board of Public Works for the care and concern they have given to this project and to our architect and friend, David Fried.

Contributory Retirement Board

THOMAS F. MALONEY, Chairman, Appointed Member

MICHAEL R. CHAMPION, Elected Member

KEITH A. CALLAHAN, Secretary, Ex-Officio Member

The Board is pleased to report on the highlights of its activities for 1984.

Contributory Retirement Allowances paid during the year amounted to \$1,182,570.12. Of this amount in addition to the employee's contribution, the State paid \$94,826.50 the entire amount of annual Cost of Living adjustments added to each of the last three years, \$20,351 reimbursements from other systems was received and the Housing Authority contributed \$16,526.00.

Additionally, allowance equal to \$340,762.92 per year in Non-Contributory Pensions were in effect. Of this amount, \$36,600 is billed to other Systems and the State pays \$24,825 for Cost of Living adjustment.

A list of Ledger Balances as of 6/30/84 is included in the Town Accountant Report.

Greater detail is available in the Annual Report submitted to the State, a copy of which is available in the Town Accounting Office.

Chapter 661 of the Acts of 1983 made extensive changes in the method of funding the retirement system. Two of the changes that will greatly effect future funding are a reduction of interest applied to annuities and excess earnings of the retirement system will now be transferred to a Special Pension Reserve Account.

In the past, excess earnings of the System were transferred to the Pension Fund, allowing the Town to reduce its contributions.

The effect of these actions will now require the town to increase its contributions.

Under the Law, there is provision for phasing in the changes over a three year period.

The Retirement Board will seek a favorable vote from the Town Meeting and Board of Selectmen to use the excess earnings of 1984 to reduce the Town's contribution from \$1,225,000 to \$1,035,130 in fiscal year 1986.

In addition to the excess earnings, Market Value of stocks purchased and held by the System, increased \$92,833.84.

This increase was credited to the Pension Fund. Chapter 661 did not address this situation, but it is only a matter of time before these funds will also be under attack.

Because of the equity growth over the last few years, the Board sold a substantial amount of long term bonds and absorbed a loss of \$142,626.81 in order to reinvest the funds at a higher yield. In 1985 the Board will contract with a professional Fund Advisor to help manage the portfolio.

Planning Board

EUGENE BARDEN, Chairman

VEEDER C. NELLIS

VINCENT R. DiLISIO

PAUL MINSKY

BRIAN WATSON

We would like to thank Garry Baker for his tireless effort in behalf of the Town of Swampscott. Garry chose not to seek re-election after serving over ten years. His experience is missed.

With the election of two new members of the board, Brian Watson and Veeder Nellis, the continuity of the Planning Board has continued with meetings one or two times a month, and attending other boards and committee meetings. The Planning Board has had an extremely busy year. Besides our regular meetings we have had a number of public hearings to hear subdivision plans, land changes, and by-law up-dates.

In the effort to update our zoning by-laws, the Planning Board continues to study and to sponsor articles for town meeting, changes which the board feels will modernize and benefit the entire town. We continue to seek advice knowledge from all of the other boards and committees for this extensive and complex effort.

The Planning Board would like to thank all of the town boards, individuals and town hall employees for their help and cooperation during this past year.
